## Mahindra Logistics launches warehousing facility in Phaltan for Cummins India

~ Over 3 lakh sq. ft. of warehousing space goes live as part of phase 1 launch ~

**Pune/Phaltan, 11 June 2025:** Mahindra Logistics Ltd., one of India's largest integrated logistics solutions providers, today announced the launch of its new state-of-the-art warehousing facility in Phaltan, Maharashtra, strengthening presence in one of India's fastest-growing industrial corridors. Over 3 lakh sq. ft of this mega site is now operational as a dedicated site for Cummins India—a leading provider of power solutions in India—to optimize their nationwide operations through consolidation of products from multiple sources into one central location. Through this warehouse, Mahindra Logistics will strengthen Cummins India's logistic capabilities as well as improve supply chain efficiency, availability and visibility with an expansive integrated warehousing & distribution network.

Phaltan is rapidly emerging as a key logistics and manufacturing hub and this Integrated Logistics Centre for Cummins India is strategically located near Pune with direct access to key highways and industrial zones. Through this facility, Mahindra Logistics reinforces its commitment to provide integrated logistics solutions and manage end-to-end supply chain for its customers, including site identification, greenfield development, and unified manufacturing and distribution operations. As the region's most advanced warehousing project, this site will support Cummins India's inbound and outbound logistics operations, warehouse management, last-mile dispatch management as well as support in agile manufacturing operations. The company's agile, efficient, and scalable solutions will help enhance operational visibility, service levels, and cost efficiency for the customer.

Built in alignment with global sustainability standards of Cummins India, Mahindra Logistics warehouse is renewable energy operated and integrates sustainable features such as solar panels and advanced water treatment systems. The facility will also generate over 500 employment opportunities for local communities.

**Mr. Hemant Sikka, Managing Director & Chief Executive Officer, Mahindra Logistics Limited,** said, *"India's emergence as the world's fourth largest economy reflects the power of industrial innovation, agile supply chains, and future ready infrastructure. As a key enabler of this transformation, logistics is evolving and becoming smarter in response to today's dynamic economy. Aligned to this momentum, our warehouse in Phaltan is integrated with our nationwide warehousing & distribution network to provide reach, visibility, and operational efficiency to Cummins India. We see logistics as a strategic growth engine for the nation, and we are committed to building a futuristic infrastructure network that is technologically advanced and scalable".*
