

# Mahindra Logistics Limited believes in

Life-impacting Injuries & Fatalities Elimination

As a company policy, LIFE has been implemented to minimize risk to our employees through focusing on hazard management, stakeholder engagement and practical solutions.

With a vision to become an organization free of accident, occupational disease and pollution, LIFE entails the below 15 Safety Standards.

1	Behaviour Based Safety (BBS)	8	Fire Safety Management (FSM)
2	Hazard Identification & Risk Assessment (HIRA)	9	Transportation Safety Management (TSM)
3	Permit To Work (PTW)	10	Incident Management (IM)
4	Electrical Safety Management (ESM)	11	Safe Material Handling (SMH)
5	Log Out Tag Out (LOTO)	12	Work at Height (WAH)
6	Personal Protective Equipment's (PPEs)	13	Management of Change (MOC)
7	Contractor Safety Management (CSM)	14	Machine Guarding (MG)
		15	Confined Space Entry (CSE)

Let's pledge to commit to these Safety Standards and take every possible precaution to protect our lives and of those around us.
